**DETAILED ACTION**

***Election/Restrictions***

1. Restriction is required under 35 U.S.C. 121 and 372.

This application contains the following inventions or groups of inventions which are not so linked as to form a single general inventive concept under PCT Rule 13.1.

In accordance with 37 CFR 1.499, applicant is required, in reply to this action, to elect a single invention to which the claims must be restricted.

Group I, claim(s) 1-20, drawn to a demand responsive physiological control system.

Group II, claim(s) 21, drawn to a process.

Group III, claim(s) 22-27, drawn to a pump control system.

Group IV, claim(s) 28-30, drawn to a physiological demand responsive controller.

2. The inventions listed as Groups I-IV do not relate to a single general inventive concept under PCT Rule 13.1 because, under PCT Rule 13.2, they lack the same or corresponding special technical features for the following reasons:

Group I contains the special technical feature of a physiological state detector, which is not mentioned in any of the other groups.

Group II contains the special technical feature of a blood flow rate sensor, which is not mentioned in any of the other groups.

Group III contains the special technical feature of a data processing means that receives body motion information and heart rate information, which is not mentioned in any of the other groups.

Art Unit: 3766

Group IV contains the special technical feature of an accelerometer, which is not mentioned in any of the other groups.

3. Applicant is advised that the reply to this requirement to be complete must include (i) an election of a species or invention to be examined even though the requirement may be traversed (37 CFR 1.143) and (ii) identification of the claims encompassing the elected invention.

The election of an invention or species may be made with or without traverse. To preserve a right to petition, the election must be made with traverse. If the reply does not distinctly and specifically point out supposed errors in the restriction requirement, the election shall be treated as an election without traverse.
